Michelle,

Attached is a document summarizing all of the human studies related public comments on the OX5034 EUP application. We pulled the draft response you provided in response to comments on the previous EUP. I added a comment in the document, I'm not sure about the relevance of the one sentence and the highlighted sentences are where you previously asked for us to fill in info. Please look through and modify the response as necessary in light of the comments. I've cc'd Angela Huskey, so OGC know where this stands.

We are looking for turnaround in about 2 weeks, so ideally no later than March 18. Let me know if you need any more info, or if something comes up and this isn't turnaround time isn't possible.

Thanks for your help.
